Respected Sir/Madam,

I found the job advertisement by surfing on your website, and thought it looked interesting. Because I am always keen to work under innovative and aspiring environment which KUKA Robotics always had, It seems like a good fit. I therefore apply for Internship at KUKA Robotics.

You look for a intern with specialized in Electrical engineering, knowledge of programming languages(C, C++, Java),good written and spoken English, willingness to work new things and Team and communication skills. I am certainly such a person, and can support the claim with several examples

- 2 years experience in official robotics team of our college
- 2 years programming experience in the field of robotics.
- Won 3 major national competitions in Robotics.
- Worked and experienced on almost every aspects of Robotics.

I look forward to hearing from you, and do not hesitate contacting me if you have any questions.

Thanks in advance!

**Soofiyan Atar**
